The Ebenezer Advantage

Since 1968, Ebenezer Child Care Centers has been providing working families with quality early care and education that meets the important physical, emotional, social, and cognitive needs of children of all ages. Our well-educated and nurturing staff has been trained to embrace multiculturalism, and they work hard to incorporate it into everything we do. As a result, we find children thrive while in our care!

Infant Program

In addition to loving and nurturing your little one, our educated caregivers:

- ♥ Read, sing and interact with them to promote language and social development
- ♥ Provide developmentally appropriate toys such as rattles, busy boxes and balls to develop their large and small muscles
- ♥ Teach textures and touch with a variety of sensory materials
- ♥ Develop creativity through the daily use of paint, crayons, playdough, and other materials.

Toddler/Two Program

Your curious toddler or two-year old needs a safe and encouraging environment in which to explore. That is why our conscientious caregivers offer a structured, yet flexible, daily schedule which includes:

- ♥ Guided learning activities such as stacking cups; creative art experiences with crayons, chalk, and paint; sensory and science play; and fill and dump buckets to increase their fundamental skills
- ♥ Reading, singing and group time to promote language and social development
- ♥ The development of self-help skills, such as eating, toileting and dressing, so children gain confidence and independence.

In addition, we incorporate a Virtues Program into everything we do to encourage appropriate behaviors and help acknowledge goodness in the world.

3K and 4K Programs

The goal of our 3K/4K Program is to ensure that your child is prepared for kindergarten. We want to make this an amazing time of discovery and learning, enjoyable for your child. In our 3K/4K program children will work on developing:

- ♥ Literacy: Asking and answering questions, expressing themselves, using sentences and verbally telling you their first and last name.
- ♥ Reading and Writing: Using a pencil, demonstrating an understanding of print concepts, recognizing some letters, writing some letters, and writing their own name.
- ♥ Math Skills: Sorting and classifying objects, comparing objects using appropriate words, recognizing patterns and repeating them, demonstrating awareness of time and sequence, recognizing shapes, colors and some numbers.
- ♥ Self Help Skills: Toileting independently, dressing themselves, caring for personal items and serving themselves at mealtime.
- ♥ Physical: Running, walking backwards, catching a ball, walking up and down stairs with alternating feet, and pedaling a bicycle. Children will also be learning to control hand muscles by building complex structures with small materials and using scissors.
- ♥ Social/Emotional: Adjusting to new situations, recognizing own feelings, managing them appropriately and playing.

School-Age Program

The goal of our Before- and After-School, Vacation Day and Summer Blast Programs is to take the concepts your child is learning at school and reinforce them with fun and engaging activities. In our School-Age Program, children may:

- ♥ Learn about mathematics through cooking, manipulatives and card games
- ♥ Expand their creativity through art projects and woodworking
- ♥ Explore the world around them through interesting science experiments and field trips
- ♥ Expand their social skills through team-building activities that reinforce positive virtues such as cooperation, negotiation and problem-solving.

Our teachers will also work one-on-one with children to help them complete their homework and gain the independence and confidence they need to become great young adolescents.

Please note: Before- and after-school transportation may be possible through MPS.
