

*Kids love to have fun while learning!*

**That's why Ebenezer Child Care Centers' 2019 Summer Program will focus on:**

**SCIENCE TECHNOLOGY ENGINEERING ART MATH AND NATURE**

**Join us June 10 – August 30  
for a STEAM-N Fun Summer!**

STEAM-N is a philosophy of education that helps to foster a love of learning through **Creativity, Collaboration, Critical Thinking, and Communication.**

With STEAM-N, children are learning skills the way they are used in the real world and workforce. Think about it, rarely does a job require only one skill set like math. For example, architects use science, math, engineering and technology all woven together in practical and seamless ways allowing them to design complex, functional and beautiful buildings.

According to the authors of Steam Kids, STEAM-N is all about inspiring our next generation of inventors, innovators and leaders to:

- Question things like a scientist;
- Design like a technologist;
- Build like an engineer;
- Create like an artist;
- Deduce like a mathematician while playing;
- Play like a kid.

## All Aboard!

### Happening this Summer at Ebenezer

**SCIENCE** While playing-children will be experimenting, analyzing, predicting, and hypothesizing.

**TECHNOLOGY** While playing-children will explore tools of the trades, make their own inventions, examine robotics and cause/effect.

**ENGINEERING** While playing-children will learn about designing and building, take apart and put together all sorts of machines, and develop problem solving abilities.

**ART** While playing-children will discover the many layers of music, varieties of dance, and have an opportunity to delve into their hidden dramatic talents, as well as utilize a litany of art materials.

**MATH** While playing-children will understand that math is not only about adding, subtracting, multiplying, and dividing. They will be discovering spatial concepts and pattern relationships. They will be measuring, sequencing and analyzing data.

**NATURE** While playing-children will locate (maybe even visit some) lakes, rivers, and streams. They will participate in recycling, and perhaps uncover their joy of landscaping and gardening.

***Ebenezer's 2019 "STEAM-N" program will be held at our following locations:***

**Downtown Center**—340 W. St. Paul Avenue

**Southside Center**—1496 S. 29th Street

**Oak Creek Center**—220 W. Forest Hill Avenue

**West Allis/Wauwatosa Center**—1136 S. 108th Street

**Ebenezer**
